

# CodingNest Student

Full stack web developer

## About Me

Hello! I'm CodingNest Student, a passionate web developer with expertise in HTML, CSS, and JavaScript. I love creating beautiful and functional websites.

## Courses Completed

### HTML Basics

Learned the fundamentals of structuring webpages using HTML tags, attributes, and semantic elements.

### CSS Styling

Mastered styling techniques, including colors, layouts, and typography, to create visually appealing designs.

### JavaScript Essentials

Understood the basics of JavaScript programming to add interactivity and functionality to websites.

## Student Feedback

"John's course is amazing! I learned so much."

- Jane Smith

"Great explanations and practical examples."

- Mark Brown

"Highly recommend John's web development courses!"

- Lisa Ray
